

The Drag Strip Challenge

Team Building Event

Imagine a room full of people working in teams to produce a unique miniature dragster. As you enter the room, racing music and colorful balloons set the competitive tone. Our master of ceremonies is present and engages the group and reviews the program experience. We'd like to introduce to you the Drag Strip Challenge!

The large group is divided into several smaller teams the build their own unique and inspired dragster. Each group is provided with limited resources and will discover that they will need to purchase or barter with other teams to gather necessary resources to compete and design their mini dragsters.

Teams will also decide which competitive categories they will commit to and develop a plan of action to guarantee success. Categories to choose from are Team Spirit, Most Profitable Car, Most Innovative Car, and Fastest Car. Prizes will then be given to the winners of each category.

Next, it's off to the races as the teams race their cars down our 30-foot racetrack!

Please contact us for pricing on the event that you will love and be able to afford.
