

MAKE YOUR HOLIDAY CHARITY EVENT SHINE WITH CORPORATE LEARNING INSTITUTE!

Let Corporate Learning Institute wrap-up your holiday event with the Elves Workshop

Giving back to your community has never been so much fun! This action-packed session lets groups experience the joy of making and giving gifts for others in need.

Every workshop contains these exciting components:

- Participants work in teams on exciting team building activities to earn the materials they will need to build their gifts.
- Each group builds and completes their projects and also designs and creates a personalized motivational card for the recipient of their gifts.
- For a shorter time slot, the event then ends with a presentation of the gifts made to the Charity Organization.
- For an all day event, participants then complete a fun "elf coaching session" to learn how to interact with the recipients of their gifts.
- Participants travel to the charitable organization to pass out their gifts and entertain recipients.

Pricing

All events come complete with music, decorations, an MC and staff at a great savings for the holiday season! Contact us for special pricing!
